COMMON Market   Plop   Lyrics IM   Arr TC   V2 28/01/19

Intro: C   Quiet 8's   + offbeat 2's   All down strums.   No Percussion
C
It came from Brussels , had a thirst for power

Grew and grew like a weedy flower
                    G7
That's where,.. we........ used to be.......
C
They told us that we'd be much better

If only we can just stick together
            G7
We said   "fine" -and in forty two years time---   they said—

  F
"You want to leave the common market?
                                                C
But you want to trade just like common members do"

you want to keep with the common market
                                        G7
But you don't want to stay.....   inside the EU
                                                        C
Well what else could you do', we said "we'll see what we can do"

Quiet Percussion starts offbeats only. Lead change to one strum every 2 bars

  C
we took a vote and the leavers won it .....
                                        G7
The Remainers couldn't under-stand it … so now…. we just row
C
" you'll have no money, the ports might freeze up "
                                        G7
"Jobs, may be lost , there'll be no Knees up, so How…

"you gonna manage now,.....   then they said.....

F
You sure you want to leave the common market ?

                                                        C
You sure you want to be out-side ......the.....   EU?
C
You need to keep in a common market

                        Start fuzz   **G7**
You don't understand,.... Just what leaving will do,... stupid you
                Louder

        C   **G7**
MP's plotting, people moaning, banners waving , we're just snoring at you
C   **G7**
Make the Dumbo's vote again, until the answer's right my friends... for you
C
Best of three there's a thought , to win a battle that's been fought...
        G7
every day   and , if we get our own way.....

F
You'll never leave the common market

                                                C
You'll never leave...   the lov-e-l-y.. E.U

You'll never dare leave the common market

                                                        G7
You'll watch your laws ...all slide out of view.............
                                        C
because there's nothing you can do.......

Instrumental   C   4bars   G7   4bars   C   4bars
        G7   breaks 3,3,3,3   4's   8's   all down strums

F
Sing along with the common market,

                                        C
Sing along to the tune from the EU

Laugh along with the common market

                                                G7
Laugh along even though they are laughing at you......

And the stupid things that you do

                                C
Because you think the EU 's   cool   ad lib? C G7 C x4 Cha Cha Cha
